PRE-SCREENING PHYSICAL

I hereby give my informed consent for the participating physician(s) to perform a pre-participation screening physical examination on my child. I realize that this screening is only an examination; it does not take the place of a complete examination. During a screening examination, the physician is not responsible for any ongoing medical care or treatment of any injuries that occur on the day of the exam or subsequently. My child has **no known serious medical conditions** that would prevent him/her from participating in sports that I am aware of. I agree to follow up with my local physician if anything preventing participation is found by this screening. I understand that my child will be prescreened to provide the medical personnel with base line data in the event of a head injury and return to play criteria.

EMERGENCY TREATMENT

However, if you cannot be reached, we ask that you grant permission for your child to be treated for a medical emergency by a licensed physician or other persons trained in emergency care. It will allow better decision making in your child's health and return to sport.
